DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

I. Claims 1-15, drawn to a floor covering, classified in class 428, subclass 195.

II. Claims 16-24, drawn to a process for producing a floor covering, classified in class 427, subclass 202.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Where a group of inventions is claimed in an application, the requirement of unity of invention shall be fulfilled only when there is a special technical relationship among those inventions involving one or more of the same corresponding technical features which define a contribution over the prior art. The special technical feature of the present invention—a polymer binder comprising at least one elastomer based on at least one polyolefin and at least one grafted copolymer—does not define a contribution over the prior art, as is revealed by Bonner et al., U.S. Pat. No. 5,637,410 in the Abstract. Consequently, a lack of unity of invention exists. *See* 37 CFR 1.475 and MPEP §1850.

3. Applicant is advised that the reply to this requirement, to be complete, must include an election of the invention to be examined even though the requirement be traversed (37 DFR 1.143).

Art Unit: 1774

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

5. A telephone call was made to Steven L. Schmid on January 29, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.
